CUSTOMER TESTIMONIALS

SAP IMPLEMENTATION PROJECT

I had the opportunity to solicit the services of Aymax,
mainly to support my phase of
deployment and support of users at
start-up on SAP WM activities (Warehouse management).
Our needs evolved over the weeks according to the sites,
they showed flexibility, responsiveness and professionalism
to be there and meet our needs during this
key period.

FIORI APPLICATION PROJECT

We have been working with Aymax for more than a year now. Very quickly we met men and women with profiles perfectly adapted to our needs. Their skills as technical experts, combined with those of Bouygues Telecom employees, have enabled the success of numerous logistics projects. In addition to a reliable, competent team, it is the young, dynamic, committed and proactive players who provide us with the best solutions on a daily basis, the most up-to-date solutions in line with market best practice.

CUSTOMER TESTIMONIALS

SAP IMPLEMENTATION PROJECT

We have been working with Aymax consultants for one year for our major projects. The collaborators we are offered are well trained, correspond to the required expertise and integrate very quickly in our teams.

This level of SAP service and the excellent commercial reactivity no longer make us fear turnover.

XAVIER POIRSON

SAP Project Manager – Logista France

SAP FIORI RETAIL BUSINESS APPLICATION FINANCE PROJECT

We had the opportunity to work with AYMAX initially on the TMA. Satisfied with the quality of work of the competent consultants, we decided to use their services on other structuring projects.

We are delighted with this collaboration which is now in the long term.
